

Survivors All

Lyrics & Music: copyright Chris Stein Music Ministries (CSMM Music) 04.2011

Everyone recalls the time and place... when the news was given
so much to face... but odds were made to be beaten
mountains made to be climbed... though it can take time
But here we are... We've come so far...

Chorus:

We can survive, We can live
Each day we have, a priceless gift
This we know, we still stand tall
Celebrate each moment... with us... Survivors all

It'll take more than this... to tear us down
More than this... before we lose ground
We stand here today... we'll not be afraid
For here we are... we've come so far

Chorus

Though we may fall from time to time
We stand up, brush off, continue on
A mission given, a charge received
Survivors all... At This gathering

Chorus

Last Chorus:

We survive and we live
Each day for us is a priceless gift
This we know, we all stand tall
And celebrate each moment... for we are... Survivors all
Yes we are... Survivors all
